Rentfind Inspector App

Client Login

Rentfind Inspector

An intuitive App that simplifies the time consuming job of inventory and report generation.

No limits

Capture unlimited photos and comments on the one device. There are no limits on users (per office) or data storage.

Secure

The App is integrated with a web platform which stores all inspection data. It provides data security, data storage and 24-7 access by authorised users.

Single entry

Create and email both routine inspection and inventory check-in and check-out using data synced from the App – no more double handling of data.

Reuse of data

Use the previous inspection as the starting point for your next inspection – simply update comments and take photos.

Flexible

Caters for a variety of routine inspection and check-in and check-out report formats.

Owner Access

Secure online “Client Login” for owners to view their inspection reports.

Support

Access to our training staff and technical support team - accessible phone and email service with consistently quick response times.
